

# ANATOMY OF IMPACT

Advancing Medical Education

---

## TAR HEEL GENEROSITY RULES THE DAY

On December 3, Tar Heel students, alumni and supporters came together to show their support for the UNC School of Medicine during Tar “Heal” Tuesday, our very own version of #GivingTuesday. The generosity shown in those 24 hours will prove to have a lasting impact on current students as well as the future of medical education. But, don’t take our word for it. Let these current students and faculty tell you just how much your support means to them.

---

## YOUR IMPACT: THE LOYALTY FUND SCHOLARSHIP

Established in 1966 with a modest stipend for six students, the Loyalty Fund Scholarship program now provides 90 scholarships per year due in large part to annual gifts from alumni and friends like you. With the annual cost of tuition and fees now at \$35,000, we’re able to reward every scholar recipient with \$10,000 to help with their education costs. Alumni impact makes all the difference to the UNC School of Medicine and the Loyalty Fund Scholarship is just one of many examples.

## OUR VISION AND MISSION

The UNC School of Medicine endeavors to be the nation’s finest public school of medicine. We will prepare tomorrow’s health care professionals and biomedical researchers by facilitating learning within innovative and integrated curricula and team oriented interprofessional education. We strive to promote faculty, staff and learner development in a diverse, respectful environment where our colleagues demonstrate professionalism, enhance learning, and create personal and professional sustainability.
